CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Our Institution is affiliated to Madurai Kamaraj University, Madurai. Curriculum is designed by the respective Board of studies of Madurai Kamaraj University. The Board of studies has adequate representation of senior most faculty members from our college. We strictly follow the curriculum framed by the University. The revision and up-gradation of the syllabi is done at the University level. The syllabi thus framed by the board of studies focuses on

the recent trends in all disciplines to cater to the needs of the Student fraternity. Our college has an effective mechanism of documented curriculum delivery. At the commencement of each academic year, HODs Meetings are held frequently to device the action plan for the effective implementation of curriculum. Periodical meetings with staff members are initiated to formulate the plan of action. The implementation of action plans are reviewed in the subsequent meetings. Academic Calendar is prepared as per the outcomes of HODs meeting, academic schedule and the requirements at the department level as per the action plans formed. Each faculty member prepares a plan in every semester for the effective implementation of the curriculum. Based on the feedback and year-long practical experience, difficulties faced by the students are intimated to the respective Board of studies and to the Academic Council of Madurai Kamaraj University. A one day orientation is given to the new students by the principal followed by the respective Head of the Department. The mentor system enables us to deal with all aspects of the students' life inside our campus. A hand book is supplied to the students at the beginning of the year which contains details of our academic plan. Effective curriculum delivery and transaction are carried out using information and communication technology. Teaching aids are used. Latest books on all subjects are periodically purchased. Subject related journals are also subscribed for the use of faculty members, scholars and students.

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution?
(maximum 500 words)

Feedback Obtained

Our institution monitors the quality of its teaching learning policy through feedback obtained from the students. University has the power to design and develop the curriculum. Hence, the scope of an affiliated institution is limited in matters relating to design and development of curriculum. Faculty members representing our institution offer their rich experience in the deliberations held at the university at the time of design of the curriculum. They also contribute to the formulation and implementation of the curriculum in the subsequent workshops, seminars arranged for the above purpose by the university. From the feedback obtained from the stakeholders, shortcomings, if any, in the curriculum are rectified through representation by our faculty members in the respective Board of studies and Academic council. Further, at the end of each semester, feedback from stake holders is obtained. A discussion on the feedback is held to elicit information from the faculty members on the contents of the feedback. The outcome of the discussion is conveyed to the university.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

Students' progress is evaluated throughout the semester through continuous internal assessment tests, assignments, seminars, group discussions and project works. The evaluation strategies help in assessing the creative and critical ability of the students. Transparency is maintained in evaluating the internal test answer scripts and assignments. The evaluation methods adopted help in identifying the slow learners which further helps in providing special attention to them. Advanced learners are identified and provided with opportunities so as to make them exposed to new frontiers of knowledge. The

students are also encouraged to present and publish research papers for providing them a research insight. As an affiliated college, the performance of the students in the end semester examination is assessed through a central valuation conducted by the parent university. If the students are not satisfied with their semester results, they are encouraged to apply for revaluation in the university.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The Institution prepares an academic calendar every year for the smooth functioning of the college. The calendar contains details regarding the working days for each semester and the dates for internal assessments. The dates for the semester examination are decided by the parent university and so the academic calendar has only a tentative schedule regarding end semester examinations. However, it has details regarding the attendance requirements to appear for the university examinations. In addition, it has details regarding the courses offered, fee structure, various scholarships available for students and endowment prizes provided by the college.

Our College has a committee to look after our campus amenities. The Engineering wing of our college management takes up works related to maintenance and upkeep of our infrastructure and physical facilities. The lab equipments, computer systems, photo copying machines and other facilities available are maintained through AMC (Annual Maintenance Contract). Power supply is restored to the office and laboratories during power failure with a power generator. Our management has created sufficient infrastructure for our college out of its own resources. Since, our college functions under the direct administrative control of a state government department (Hindu Religious and Charitable Endowments [Administration] Department), administrative sanction is required for all works. Facilities and infrastructure are created as and when required. The college library functions with a library advisory committee. The committee meets periodically and recommends allotment of required funds for the purchase of new books and subscription of Journals. The committee also suggests new facilities to be adopted to make the library user friendly for the students and staff. The library has a UGC network resource centre where the students can have access to all e-content. All the departments have computers with internet facility and wi-fi.

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

Governance is decentralized. This ensures operational autonomy which is made possible by delegation of authority. Each and every staff of the institution would be a member in at least one committee among the various committees constituted for decentralisation and participative management. The committees concerned would meet at regular intervals or if necessity arises. Curriculum related decisions are made by the respective Head of the department. If it is related to all the departments of a college, the decision is taken by the Principal. As our institution encourages the participation of stakeholders in its activities, the views of the students, staff and parents are heard before taking a decision. Prominent alumni of our college who are in government services share their rich experiences with the incumbent students in the coaching classes conducted by our institution for their specific purpose. This practice helps the students to become successful in their career.

6.1.2 – Does the institution have a Management Information System (MIS)?

No

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Admission of Students	The enrolment of student to the various courses of study is made on merit basis by following the rules of reservation. Guidelines on admission are received from the government of Tamil Nadu every year. Based on the guidelines, a merit list is prepared following the reservation policies and the same is displayed in the college notice board. As we admit students on the basis of merit by following the rules of reservation, there is transparency in the admission process and it reflects our national commitment

	to diversity and inclusion.
Industry Interaction / Collaboration	Our faculty members utilize the research facilities available at the following Universities and industries. The Anna University, Chennai, Madurai Kamaraj University, Madurai, Alagappa University, Karaikudi and Vellore Institute of Technology Vellore
Human Resource Management	Being an aided institution, the Government of Tamil Nadu sanctions the vacancies for teaching and non-teaching posts. However, the shortfall in human resources is managed by the Staff appointed by the management on consolidated basis for the uninterrupted progress of both academic and administrative activities of our college. The Secretary of our college is the appointing authority and the college functions under the temple administration. The Principal would be the head of the organisational setup who controls and governs all the human resources of the college.
Library, ICT and Physical Infrastructure / Instrumentation	Our college is functioning under the administrative control of the Hindu Religious and Charitable Endowments (Administration) Department of Government of Tamil Nadu. The entire Physical infrastructure is provided by our management. The college development committees have separate rooms for effective functioning. Each department has adequate number of class rooms along with a staff room and a separate room for the HoD. Our entire hostel facilities are under renovation. Our Library has a good collection of valuable books to cater to the needs of faculty, scholars, and students. There is a reading room which has necessary books for the use of students preparing for competitive examinations, NET/SET examinations. Library automation work is in progress and nearing completion. All departments of our college have computers with latest configuration. Internet facility is available. Faculty members can access to a large number of journals and e-books through N-list programme. Works related to maintenance and upkeep of the physical infrastructure of our college is entrusted with Engineering Wing of the Temple Administration. Equipment and other facilities are maintained through service contracts.

<p>Research and Development</p>	<p>Our College promotes research activities by offering research programmes and by encouraging the Staff and students to attend seminars, conferences, and publish research articles. Four of our Departments are recognized Research Centres of Madurai Kamaraj University. Management sponsored seminars/workshops are organised at department level to imbibe research culture among the faculty and students. Our faculty members take up major/minor projects funded by the University Grants Commission. Our library has subscribed essential journals and magazines to cater to the research needs. Our faculty members have contributed articles which have been published in national/international peer reviewed journals. All departments of our college arrange state / national level seminars, conferences and special lectures periodically on recent advancement in their subjects. .Further, faculty members attend short term courses, Orientation programmes, refresher courses and faculty development programs to update their knowledge.</p>
<p>Curriculum Development</p>	<p>Faculty members representing our institution offer their rich experience in the deliberations held at the university at the time of design of the curriculum. They also contribute to the formulation and implementation of the curriculum in the subsequent workshops, seminars arranged for the above purpose by the university. From the feedback obtained from the stakeholders, shortcomings, if any, in the curriculum rectified through representation by our faculty members in the respective board of studies and academic council.</p>
<p>Teaching and Learning</p>	<p>Library resources of our college serve as an instant source of reference to augment the teaching-learning process. Extensive use of available library resources by the faculty and students enrich effective teaching-learning process. Audio visual aids are used to make teaching effective. Each department is provided with a LCD Projector. Each department of our college is equipped with a computer system of Higher end Configuration and internet facility for the use of</p>

faculty members. Through the N-LIST programme, faculty members can access more than 150 journals, Magazines, e-Books etc. Along with conventional teaching methods, ICT enabled teaching practices are also followed. Each department is equipped with ICT and audio visual facilities. Training in soft skills was provided to the staff by the Department of Computer Science of our college. The Government of Tamil Nadu has provided free laptops to all the students. While conducting Practical classes in science departments, students use their laptops as a tool to predict the results of the experiments virtually. Practical experiments in digital electronics are conducted with the help of virtual laboratory. An entry level test is conducted on the elementary aspects of the subjects in most of the departments of our college for the newly enrolled students. A one day orientation is given to the new comers by the Principal followed by the respective Head of the Department. Advanced learners are identified and provided with opportunities so as to make them exposed to new frontiers of knowledge. The mentor system enables us to deal with all aspects of the student's life inside our campus. A handbook is supplied to the students at the beginning of the year which contains details of our academic plan. Our institution monitors the quality of its teaching learning policy through feedback obtained from the students. Choice based credit system is in practice. Performance of the students in the university examinations is analyzed. To address the grievances of the students a student's grievances and counseling cell functions in our college. Parents meeting is arranged to inform and involve the parents in the academic journey of their wards. In addition to our academic programs, coaching classes are also arranged to make the students fit for the competitive examinations and UGC-CSIR, NET, SET examinations.

Examination and Evaluation

Students and faculty members are made aware of the evaluation and examination systems through the communications received periodically from the University. The tentative dates of

Internal Assessments and University Examinations are informed to the students well in advance. The attendance requirements to appear for the University examinations are informed to the students through the handbook provided to them. 1. Plastic Free Campus 2. Plantation of Saplings 3. Water Conservation through Reverse Osmosis 4. Rain Water Harvesting 5. Paperless Communication from the Principal / Office through e-mail and WhatsApp Weekly Campus Cleaning through NSS Volunteers

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

Best Practice 1

1. Title of the Practice: Free Education for Orphans

2. Objectives of the Practice: Education provides an opportunity for healthy life. It instils confidence among individuals to lead a good life. Education becomes vital for orphans to overcome the trauma and psychological loss experienced by them. When the orphans are provided with good education they feel secured and the same will help in improving their livelihood.

3. The Context: The poor orphaned children do not have exposure to education. They are discriminated on various aspects and this leads to individual crisis. The hardships encountered by them make their life and survival difficult. The only way to resolve this problem would be providing education for them.

4. The Practice:

- To help the orphans to live a normal life, our management runs an orphanage in the name of "Anbu Illam".
- The students from this orphanage are provided free education by our institution.
- Basic needs like Food, Shelter, and Clothing are provided free of cost by our Management

5. Evidence of Success: Every year students from Anbu Illam are given priority in admission to various courses offered in our institution. We pay special attention to such students to make them successful in their studies. Many students have completed their degree successfully and this practice instils hope and confidence in them.

6. Problems Encountered and Resources Required: The emotional imbalance of the orphans is identified to be a major problem. Best efforts are made by the mentors and the respective Head of the Department to resolve such emotional issues. It would be better if they are recommended for psychological counselling from experts in the field.

Best Practice 2

1. Title of the Practice: Go Green

2. Objectives of the Practice: To make the students and the society realise the importance of eco-friendly lifestyle. In the recent days 'Go Green' has become a way of life. The individuals should be highly conscious of creating and living in a greenish environment. Hence the concept of 'Go Green' helps the stakeholders aware of the positive effects of an eco-friendly environment.

3. The Context: It has become the responsibility of every individual to keep the globe green. To create awareness for the need to protect our environment every individual should be motivated to take care of his/her surroundings. In this regard the students and staff of our college take various initiatives to create awareness on eco-friendly environment.

4. The Practice:

- Planting Saplings in the campus
- Rain water harvesting
- Waste management
- Plastic free campus
- Paperless Internal Communication system

5. Evidence of Success: Our institution is conscious of the environment and strives to keep its campus clean and green. Planting of saplings is our regular activity. Students come forward to plant saplings on special occasions like birthdays. There is a gardener to look after the plants and trees. There is a herbal garden which is maintained by the department of Botany. Each block of our college has a rainwater harvesting structure.

6. Problems Encountered and Resources Required: Watering the trees and saplings during the summer or drought season is the biggest challenge. Trip

irrigation system would be solution to manage water scarcity. Best Practice 3
1. Title of the Practice: Kadamba : A Tree of Knowledge and Life 2. Objectives of the Practice: Our institution is situated in Palani, a pilgrimage centre. In order to keep the sanctity of the place, we plant many Kadamba trees which are known for its medicinal and spiritual values. Thereby we are maintaining the rich traditional, cultural and spiritual values of the city. 3. The Context: Since the tree has more medicinal benefits and also it is a rare species to be preserved, its our prime duty to grow as many Kadamba Trees as possible. 4. The Practice: • Planting Saplings of Kadamba in the campus 5. Evidence of Success: We are very much keen in preserving the rare species of Kadamba by planting more Kadamba saplings. Students come forward to plant saplings on special occasions like birthdays. The gardener takes a special care in bringing up the saplings.

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

The College is run by Arulmigu Dhandayuthapaniswami Thirukoil under the guidance of the H.R. C.E. Department, Chennai, and is naturally committed to certain ideals and principles which are in tune with the greatest traditions of Indian life and culture. We believe in and follow a pattern of curricular activities which is inseparably bound up with the pattern of values and traditions symbolized by the great temple of sacred palani Hills. The College begins with a prayer in praise of LORD MURUGA broadcasted over a network of microphone speakers throughout the college premises. We begin our day with hands raised in BAKTHI reminding ourselves of the temple over the hill and invoking his blessings in all our humble efforts to serve humanity. Everyone who walks into the portals of this institution is called upon to identify himself/herself with the way of life symbolized by the prayer. The Vision of our institution is to provide quality education along with richer values and tradition. We aim at providing knowledge through which the student community can acquire wisdom thereby transforming the individual and the society. The college is situated in a rural area and its prime objective is to educate the economically poor rural students in and around Palani region. The management of our college provides all the essential facilities to execute the vision of the institution. We have the best possible infrastructure, dedicated staff, amiable administrative setup, and other resources to enhance the students socially, culturally, and ethically. Our institution provides quality higher education to the underprivileged and strives for their holistic development. The social and ethical values are inculcated among the students community by motivating them to take part in activities like mass control, health care for pilgrims etc., during various religious festivals like Thaiposam, Panguni Uthiram etc.
